EXPENSES FOR 1921 NEAR 5 BILLION

No Leeway For Deficiency Bills Unless Congress Calls Halt

1922 BUDGET GROWING

Little Prospect In Sight for Easing Burdens of Taxpayers—Sure to Reach Level.

Washington, April 30.—Deficiency estimates for the current fiscal year and supplemental estimates coming in for the fiscal year that starts July 1 indicate that Congress must be on its guard to prevent the total for this year from reaching the $5,000,000,000 mark.

It must also keep the total for the next year from getting so close to President Harding's $4,000,000,000 mark at once that there will be no leeway for the inevitable deficiency bills that will come next winter.

The total appropriations for the current year, as compiled lately, are $4,673,395,278. That figure is in excess of the $1,500,000,000 figure used by President Harding in his address to Congress as the appropriations for this year. Today the House Appropriations Committee began hearings on deficiency estimates that approximate $200,000,000. If granted these estimates will bring the total for the current year to within about $100,000,000 of the $5,000,000,000 mark. And the understanding is that the end is not yet.

All of the talk among the fiscal experts is of "whale" deficiencies, and Chairman Good has been talking ominously of millions that must be allowed the Railroad Administration to clean up claims and such matters that accumulated during the time the railroads were under Government control, and are now pressing for payment. If allowance for any considerable sum is given the Railroad Administration for the current year, the total expenditures may run well over the five-billion mark.

For the 1922 fiscal year, starting July 1, Congress already has appropriated, or as good as appropriated, $3,520,773,642. Of that sum, all is certain except the army and navy appropriation bills. The first was given a pocket veto by President Wilson, and the second failed in the Senate because of Senator Borah's filibuster. The assumption is that both will pass in this session substantially as they came from the Senate committee. If so, the total will be about the figure of $3,530,773,642.

But already cries are coming for more money for the next year. The supplemental estimates filed thus far amount to $153,000,000. The Shipping Board alone wants a supplemental appropriation of $134,000,000, and the Navy Department asks over $18,000,000 additional. Should these calls be met, the total of appropriations for the next fiscal year will be within $300,000,000 of the President's limit before the year starts and the special calls for money and the deficiencies begin to appear.

If Chairman Good is right about the situation in the Railroad Administration and half of its needs are put on the next fiscal year's accounts, the President's $4,000,000,000 level may be reached before a single deficiency estimate is made, and that there will be deficiency estimates next winter and spring, running into many millions, no one in the Government service doubts for one minute.

Comparison of the appropriations thus far made for the next fiscal year with those already made for the current year—eliminating deficiencies and supplementals in both cases—shows that the reduction in general expenditures for the next fiscal year is almost negligible. The two years run about even, so far as the regular obligations of the Government go. That being true, it may be deduced that the deficiencies for the next year will not be much under those for the current year, so that when the final total is made for next year it is quite likely that the taxpayers will be called upon for practically the same amount of money for general purposes.

The one thing that reduces thus far the figures for the next year in comparison with this year, is the elimination for next year's total of "expenses incident to Federal control of interstate transportation"—that is railroads.

For the current year $1,025,000,000 was allowed for that purpose, and thus far no appropriation of consequence has been made for the next year. What is going to happen remains to be seen. But, allowing for $1,025,000,000 for railroad costs in this year's total and the absence of such a figure in the next year's total as compiled at this time, the next year is only about $117,000,000 under the present.

FIRE COMPANIES TO REORGANIZE

Former Members Will Hold Meetings Tonight at Rammel Hotel

EXIT OLD FIREMEN

All Interested in Becoming Members of New Companies Invited—Mayor Says Situation is Well in Hand.

Meetings of former members of Relief Truck Company No. 1 and Reliance Fire Company No. 5 will be held tonight at the Hotel Rammel for the purpose of perfecting plans for the reorganization of these two companies to take the places of the volunteers who will resign effective at midnight tonight. All interested in becoming identified with either company are invited to attend.

Attending the meetings will be Mayor J. M. Duncan, William Desmond, chairman of the fire committee of city council now fire chief till council elects one to fill the vacancy caused by the resignation of former Fire Chief Ogden.

A number of former members of the Relief Company at noon today held a conference with Mayor Duncan relative to the reorganization of that company and tentative plans for the work were discussed and arrangements made for the meeting tonight.

The first meeting tonight will be the members of the Relief Company who are scheduled to meet promptly at 7.30 o'clock. All former members of this company are urged to attend this meeting and also others who will volunteer to become identified with the company.

A complete reorganization of this company will be effected at a meeting which will be held at 10 o'clock tomorrow morning at the house of the Relief Company on Prince Street. Already twenty former members of this company it is stated have volunteered to become identified with the company

Former members of the Reliance Company will hold their meeting at the Hotel Rammel at 8.30 o'clock. All former members and others who wish to become identified with the company are urged to attend. It is expected that a permanent organization will be effected at this meeting. It also is stated that about twenty members who formerly were identified with this company will become charter members of the reorganized company.

Mayor Duncan today discussing the fire situation as a result of the quitting of the members of two companies declared that he has the situation well in hand and added that the city will be fully protected in the event of a fire. The department he asserted is now as strong as it ever was.

Members of the Relief Hook and Ladder Company today removed their personal effects from that company's house. Hereafter the city will it is stated furnish the necessary furniture for the meeting rooms of the engine houses.

The members of the Reliance Company it was stated this afternoon had not yet moved their effects from the company's house.

Members of the fire committee of city council and former Fire Chief K. W. Ogden last night held a meeting at Mr. Ogden's office at which time the former chief turned over the company's property to the committee and this in turn was given to Chief Desmond.

Within a few hours the old Relief and Reliance Companies will be a thing of the past as their labors end tonight at midnight. Both companies have made splendid records during their careers as also has Chief Ogden under whose direction an excellent volunteer fire department was organied and under whose direction the entire department was motorized.

There is considerable speculation just now as to who will be chosen fire chief. Edward S. Leadbeater for many years an active fireman and now treasurer of the Columbia Fire Company No. 4, it is understood will be a candidate for the office of fire chief at the meeting of city council which will be held May 10 next.

It was stated this afternoon that many former members of both the Relief and Reliance Fire Companies propose to become identified with the two new companies to be organized tonight, several already having made application to join.

Cleaning Up The Movies.

Apropos of the proposed federal censorship of motion picture films, William A. Brady president of the National Association of the Motion Picture Industry, has given assurances to the Congress of Mothers now meeting in the national capital that the motion picture producers of the country have prepared to do their own house-cleaning, to set up a new and higher standard of picture films and to make unnecessary any Congressional interference.

Such things, according to Mr. Brady, as the soul kiss, sex appeal, illicit love affairs, scenes depicting nakedness, gambling, unnecessary bloodshed and violence, underworld and vice and others of their ilk are henceforth to be barred from the screen. Members of the motion picture industry have agreed that any producer violating the new code of pictorial ethics shall be summarily expelled.

There is no question but that many of the motion picture makers of the country have mistaken liberty for license and have with their dime-novel methods of portraying manners and morals exerted a cheapening and soiling influence upon contemporary American life. They have overstepped the border lines of decency in many of their productions, in many violated all the proprieties besmirched all the sanctities and deadened all the finer impulses. But such pictures have been the exception rather than the rule. The great constructive moving picture builders have contributed a marvelously clean, interesting and instructive, as well as new world to the first half of the twentieth century. They have made the motion picture house the playhouse of democracy, placed within the reach of millions recreation, pleasure and colorful education. The motion picture film, next to the church the school and the press, is the greatest single agency in this country for good, and that it is sometimes put to bad purposes does in no wise change that fact. The blight of federal censorship should no more be put upon it than upon the sermons delivered from our pulpits, the lectures of our school-teachers or the editorials and articles of our newspapers.

And it is a very fine tribute to the sound foundations good sense and worth upon which the great motion picture industry is built that its members are now showing themselves willing and able to make and keep the movies clean without provoking a pestiferous and generally stupid federal censorship.

Peace By Piece Meal.

The Harding Administration intends to take its first faltering step towards ending the armistice between this country and Germany today with the passage of the unprecedented, unconstitutional and dishonorable Knox Peace Resolution by the United States Senate.

Even the advocates of this strange species of international diplomacy admit that it is a gesture only, that it accomplishes nothing, that it is only the first patch of the crazy-quilt peace which the Senate oligarchy is minded to let Mr. Harding make.

And the sad thing about it, the shameful thing, is that this gesture is a pro-German gesture coming at a time when Germany and the Allies are on the verge of an open breach again. It is the end of the swing of the pendulum of reaction against all our high war ideals. With the passage of this resolution the swing will begin back in the other direction.

The courts have ruled that the women of Ohio will not have to tell their exact ages when they register to vote. Such an unnecessary ruling. Does anyone suppose that any of them ever intended telling their "exact ages." Never.

LAD FRIGHTENED TO DEATH

Philadelphin, April 30.—Literally frightened to death an 18 year old youth expired last night on the operating chair at Jefferson Hospital as he was about to have his tonsils removed.

He was David Roberts, of Wilmington. Twenty five doctors, members of the section of ontology and laryngology of the College of Physicians, were in the room to witness the operation, which was one of 40 arranged as part of the annual clinic.

The lad had come to the hospital for the operation, which was to be performed by one of the leading surgeons of the country. He had awaited while more than a score of other patients had been operated on. Finally he took his seat in the operating chair and was awaiting the application of local anesthetics, when he suddenly pitched forward in convulsions and died.

There were some exceptionally good musical numbers and recitations by various members of the church, and bright, snappy original verses of introduction by each class of the Sunday School delivered by one member of each class as they rose class by class for introduction and greeting beginning with the juniors and all the way through to the Bible Classes. Several of the families of the church were rhymingly introduced by Miss Elizabeth Chambers, and the pastor, Rev. J. R. Wood made a few happy remarks in response to all. The committee served dainty refreshments to all present and the congregation dispersed well pleased.

DO YOU CATCH COLD EASILY?

HOW TO AVOID IT

Colds are due to germs. No one can prevent the germs from getting into your nose and throat. But you can help keep plenty of strong, vigorous "antibodies" in your blood to fight and kill off the nasty "cold germs" before they do you any harm.

To develop these germ destroying "antibodies" properly, you must have plenty of pure, rich, red blood and a strong, vigorous constitution—In fact, this is the best preventative against almost any disease.

If you are weak, nervous or run-down, or subject to colds, take no chances. One day you may develop serious throat, bronchial or lung trouble or perhaps pneumonia and you may go off like a shot. Therefore commence to enrich your blood and fortify yourself against "disease germs" today. To build more and better blood and make stronger nerves, there is nothing superior to NUXATED IRON as it contains organic iron like the iron in your blood combined with a product representing the principal chemical constituent of active living nerve force for feeding the nerves. Nuxated Iron may therefore be said to be both a blood and a nerve food. It often increases the bodily and mental vigor, strength and endurance in two weeks' time.

Over 4,000,000 people are using it annually. It has been highly endorsed by former United States Senators, U. S. Army Generals, many physicians and prominent men. Even the Pope at Rome mentioned it favorably in a communication to the Proprietor of the Pharmacy Normale of Paris.

Satisfaction guaranteed or the manufacturers will refund your money. Beware of substitutes. Look for the word "NUXATED" on every package and the letters N. I. on every tablet. Sold by all druggists.

After many years' experience in helping ambitious young men to get practical, money-earning educations in their spare hours, the United Y. M. C. A. Schools now offer courses by mail to meet the needs of those who cannot attend local classes or who wish to study subjects not taught in Y. M. C. A. evening classes.

The local Y. M. C. A. Secretary wishes to announce that Mr. N. T. MacManaway, of New York, will be in Alexandria Tuesday, May 3, both day and evening, to confer with ambitious men regarding over two hundred courses that the United Y. M. C. A. schools are offering by correspondence. As the school is not operated for profit, the cost is remarkably low. Mr. MacManaway can be seen at the Y. M. C. A. office Tuesday, or the local secretary can be consulted any time regarding these courses.

SPORTS

Tomorrow at 3 p. m., on Baggett's field, the Dreadnaughts meet the Registers of the U. S. Treasury Department of Washington, in a baseball battle predicted to be the most interesting played here this season. The "D's" are in excellent condition, showing well in practices this week, and the coaches are satisfied with the improvement that has been made.

Dutch Snead will probably pitch while Mooney will receive. This pair has been the sensation in Shenandoah baseball circles this season and naturally outgrew their team, and while on their trip to the big leagues they have agreed to perform for the Dreadnaughts. Scouts from the Washington Baseball Club will be on hand to give this pair the "once over." Some spectacular stunts are expected from Williams, the new addition in shortstop, for this is his initial appearance with the "D's" and he guarantees satisfaction.

The Registers will come down from Washington, looking to knock the locals off, as amateur Washington does not intend to let the "Ds" line up a long string of wins again this season. But with the line up for the Dreadnaughts tomorrow, the coaches say they will win, so all that is left to decide this argument is for the game to be played. It takes places tomorrow, 3 p. m., Baggett's field, upper King street. All welcome.

The Midgets will start their baseball campaign April 30 at 10:30 on the shipyard field. The antagonist will be the formidable "Duke Street All Stars."

The club's meeting of April 29, proved a success. The chief measure before the club was the awarding of the club's insignia a (V) to the members of the championship 1920-21 basketball team.

Capt. Leonidas Lions, Lawrence Rowland, Sterling Hall, Charley Catlin Poss and Nelson Duffey.

Marvin Miers, made a motion that a girls auxiliary be formed as he had had several requests that such should be formed. President Duffey went to the aid of this cause, and coupled with the aid of Secretary Hall the motion was passed.

The Alexandria Athletic Association will play the Railroad Administration on the Monument Grounds Saturday 4 p. m. Sunday the Emanon A. C. will be the Triple A opponents on the Shipyard Grounds at 3 p. m. The Association team has won 6 straight games so far without a loss and are playing great baseball with decided improvement with every game. Jimmy Quayle the pitching star for the home team has turned in fifty-six strikeouts to his credit in four games pitched. Savage the new team receiver has this boy working in wonderful style and should make the combination one of the hardest to beat in this section. The team will undergo several charges in lineup during the next two weeks as the team will be ready to meet the strongest lineups that may come here to compete with the good record of the home team. Everybody Welcome to these games as we are showing the good crowds that a good collection of ball players with the fighting spirit at all times can win many games.

Skull and Cross Bones Flies From School Pole

Palmyra, N. J., April 30.—Shades of Captain Kidd and his bold band stalked inland last night and set the black flag with the skull and cross bones flying from the flag pole of the Spring Garden street school. The halyards were cut and it was necessary for a workman to climb the pole before the pirate emblem could be taken down.

Meanwhile a rumor was circulated among the children that the flag signified a plot to blow up the school at ten minutes to twelve. By fifteen minutes of noon most of the children were hysterical and had to be dismissed at once. In the afternoon mothers alarmed, kept many of their children at home.

P. O. SAFE LOOTED OF $400 NEAR CHARLES TOWN, W. VA.

Charles Town, W. Va., April 30.—The safe in the Ranson postoffice in the suburbs of Charles Town was broken open some time last night and nearly $400, consisting of stamps and money, taken.

The tools used in the robbery were taken from the section house of the Baltimore and Ohio Railroad, a short distance from the scene of the robbery.

DEVOE

MARBLE FLOOR FINISH

The woman who takes pride in her home insists on *well-varnished* floors

POUNDED, scuffed, kicked, banged a thousand times a day, the *floor* gets more use—and abuse—than anything in the house!

Surely, it needs real protection, for a worn floor spoils a beautiful room; a hard-to-clean floor endangers health.

No wonder Devoe Marble Floor Varnish is popular with careful housewives! It fills the pores and coats the wood with a glossy finish, making a surface easily cleaned with broom and mop; durable, sanitary, protecting the wood; beautifying the room.

DEVOE PRODUCTS are time-tested and proven,—backed by 166 years' experience of the oldest paint manufacturing concern in the U.S. Founded 1754.
